THE JOINT COMMITTEE'S REPORT.

A communication from an old and able lawyer relative to the report of the Joint Committee of the Legislature on the Constitutional Convention and the sworn duty of the Legislature, is printed in the Journal this morning. It shows the report of the Committee in an unenviable light and proves the allegation that the Committee was more intent on obeying the dictates of the bosses than the expressed will of the people.

It appears, too, that the Committee not only disregarded the law in the case, but misrepresented the facts. The Lyon County Times says that Lyon County did not cast a single vote for "change of Constitution," as alleged by the Committee, but did cast 516 votes for a Constitutional Convention. The Times also asserts that the Secretary of State's report gives the vote on this question just as it was certified to by the Clerk of Lyon County.

As it is clearly shown that the Joint Committee not only disregarded the Constitution and the law, but perverted the facts to please the bosses, it would seem that the people should have some means of redress from the stupidity or perfidy of that Committee. If a majority of the Legislature did not wear the collar of the bosses, it would right the wrong perpetrated by the Committee; but the vote in both Houses on the report of the Committee shows that the people have no redress, as their champions are in the minority. Let the voters of Nevada remember the members who disregarded their will and violated their official oath, and never more trust them with a position of profit or trust, should they remain in the State after the close of the Legislature.

AN EXAMPLE FOR OUR LEGISLATURE.

A number of members of the Chicago Board of Trade petitioned Congress not to pass the Free Coinage Act. The Colorado Legislature proposes to retaliate, and is considering a resolution declaring that the State of Colorado take no part in the World's Fair, to be held at Chicago, and urging the citizens of Colorado to direct their trade as far as possible to some Western city other than Chicago.

Why doesn't the Nevada Legislature take action on the Free Coinage bill? Are the bosses opposed to the measure? Our Senators made a gallant fight for the bill, and carried it through the body of which they are members, yet the Legislature gives them no words of encouragement or approval.

The Nevada Legislature, if it has the least spark of independence, should, by ringing resolutions, show the country that it disapproves of the action of the Chicago Board of Trade, commends the energy and ability of Senators Stewart and Jones in getting the Free Coinage bill through the Senate and defeating the infamous Force bill, and encourage Representative Bartine to face the man he assisted in putting in the Speaker's Chair and offer a resolution to discharge the Coinage Committee from the further consideration of the Senate Free Coinage bill.

Our State Legislature ought to display a little independence, and, while doing so much for the bosses, take a little interest in the welfare of the people.

AGAINST THEIR CONSTITUENTS.

The Carson Appeal, in an article on the Constitutional Convention, says the counties of Elko, Eureka, Esmeralda, Humboldt, Lander, Lyon, Nye and Washoe gave majorities for a Constitutional Convention. Had the Senators from the counties noted obeyed the wishes of their constituents, the vote in the Senate would have been fourteen for a Convention, to six against it. In the House, if the principle of carrying out the will of the majority prevailed, the vote would stand twenty-two for a Convention and eighteen against it. The Senators who respected their oath and their constituents were Emmitt, Foley, LaGrave, Sproule, Sawyer and Williams of Carson. In the House the members who acted for the people and against the bosses are Auley, Groves, Gignoux, Hansen, Johnson, Kinney, Leeper, McFarlan, McClellan, Murphy, McGill, Nixon, Thompson, Weighel, Warburton and Weger.

The Senators and Assemblymen who, in compliance with the will of the majority, voted for a Convention, did nothing more than their sworn duty, but it has come to this in Nevada that members of the Legislature who do that deserve praise and are entitled to the confidence of their fellow citizens.

The Idaho Legislature elected three United States Senators at one time. For this there was no precedent in the history of the country. Now the friends of W. H. Craggett, who resided in Nevada many years ago, claim that he has enough votes to elect him Senator, and have passed a resolution declaring the election of Dubois for the full term commencing March 4th illegal.

The New York Sun states, upon what it deems good authority that a proclamation may be expected from the President about the 20th of this month calling an extra session of the Senate to meet in Washington March 4th.

Los Angeles people are considerably excited over the discovery of natural gas near that city.

ROYALTIES REDUCED.

A New Contract With the Tunnel Company.

SAN FRANCISCO, February 9.—After a fight of eighteen months the difference between the Suto Tunnel Company and the mining companies of the Comstock lode, have been settled and a reduced rate of royalty on the ores has been established.

Wm. S. Wood, attorney for the mining companies, has been notified by Attorney Blanding, attorney for the Tunnel Company, that Mr. Wood's proposition has been accepted and that the following basis of settlement has been agreed to: The mining companies are to pay the Comstock Tunnel Company back royalties due prior to November 1, 1890, without interest, upon the terms of the old contract. After November 1, 1890, the royalty is to be 4 per cent upon the gold value of the bullion yield of the mines. It is also agreed that in case rich bodies of ore are developed, the royalty on the bullion yield is not to exceed a rate equal to \$2 per ton of ore. The new contracts between the Tunnel Company and the mining companies are to be signed on or before February 15, 1891. There was owing the Comstock Tunnel Company back royalties about \$175,000. Of that amount the Consolidated California & Virginia Mining Company paid \$100,000 on account. Of the remaining \$75,000 the Consolidated California & Virginia owns about \$16,000 and the balance is owed by several companies, including the Hale & Norcross, Savage, Chollar, Crown Point, Belcher, Yellow Jacket, etc. This balance is to be paid within a reasonable length of time. The previous rate of royalty had been \$1 per ton on ores grading below \$40 per ton. When the average of the ore fell to \$14 and \$16 per ton this rate combined to make the working of such a class of ores unprofitable. On ores averaging \$14 per ton the royalty will now be only 35 cents per ton instead of \$1, and on \$10 ores the rate will be 40 cents, etc.

W. S. Woods said that the reduction in the movement to reduce all expenses of mining and milling on the Comstock, so as to allow large bodies of low grade ore to be worked at a profit and to otherwise benefit the interests of the lode.

Senate Proceedings.

Special to the Journal.

WASHINGTON, February 9.—By a vote of yeas 28, nays 29, the Senate refused to reconsider the vote of Saturday, recommitting the eight-hour bill to the Committee on Education and Labor, and the bill therefore stands recommitted.

The Senate took up the House Copyright bill and Platt made a brief explanation. Frye offered an amendment extending the principles of the bill to maps, charts, dramatic or musical compositions, engravings, cuts, prints, chromos and lithographs. After a long debate the lithographic amendment was agreed to, yeas 27, nays 24.

Sherman moved to amend Section 4 by striking out the word "prohibited" and inserting in lieu thereof the words "subject to duties provided by law." So books, etc. copyrighted here and printed abroad shall not be prohibited, but shall be subject to the payment of tariff duties. The amendment went over without action.

The Senate took a recess until 3 p. m. No quorum was then present and the Senate adjourned.

The Canadian Premier's Address.

Special to the Journal.

TORONTO, Ont., February 9.—Sir John Macdonald published an address to the electors of Canada in which he says: As in 1832 and again in 1837 so in 1891 do questions relating to the trade and commerce of the country occupy the foremost place in the public mind. Our policy in respect thereto is to-day what it has been for the past thirteen years and directed by a firm determination to foster and develop the resources of the Dominion by every means in our power consistent with Canada's position as an integral portion of the British Empire. To that end we have labored in the past and we propose to continue in the work to which we have applied ourselves of building up on this continent under the flag of England a great and powerful nation. Dealing with the policy of the opposition he says unrestricted reciprocity would in his opinion inevitably result in annexation to the United States.

Conference With the Indians.

Special to the Journal.

WASHINGTON, Feb. 9.—The conference with the Indians was resumed to-day, Commissioner Morgan said he had heard enough of the past and wanted plans for the future. He was prepared to issue \$100,000 worth of beef to the Indians entitled to receive it which was cut off in the past.

Senator Dawes said if the Indians did their part and were industrious, the Government would do its part and help them become self supporting.

White Ghost spoke of the encroachment of the whites upon the Indian lands.

Mad Bear, from Standing Rock, said his people insisted on more reservation schools. If schools are located on reservations, their influence would be felt not only by pupils but by parents as well.

The Silver Pool.

Special to the Journal.

CHICAGO, February 9.—J. A. Owenby, the silver pool witness, returned from Washington to-day. He threatens to bring suit against the Sergeant-at-Arms of the House and others, whom he holds responsible for his arrest while there. In an interview he said he had a great quantity of evidence he was not permitted to give which would have shown that he and Donald, the New York bank cashier, had an explicit understanding. Owenby declares that a member of Congress from Nebraska, whose name he gave, offered him \$2,500 to testify as to the facts known to him in regard to the silver pool.

Owenby charges that several of the Congressional Committee made every effort to render his testimony "as farcical as their investigations." He says in "due time" he would give the names of other Congressmen besides Senator Cameron and Representative Ketchum who he says were implicated in the pool.

House Proceedings.

Special to the Journal.

WASHINGTON, February 9.—The House went into a Committee of the Whole, on the Sundry Civil bill and its consideration was completed. The Committee proceeded with a discussion of the Legislative Appropriation bill. General debate was postponed until to-morrow and the bill was read by paragraphs for amendment. Hayes of Iowa, offered an amendment providing for session clerks to Representatives with a salary of \$6 a day. After some discussion this amendment with an amendment fixing the salaries of clerks at \$100 a month was agreed to. The Committee then rose and the Sundry Civil bill passed.

The Senate amendment to the Fortifications bill was non-concurred in and the House adjourned.

Embarrassing the Silver Men.

Special to the Journal.

WASHINGTON, February 9.—Digley offered for reference in the House a resolution as an amendment to the Townsend resolution, designed to bring the silver bill before the House. The Digley amendment makes it in order to offer as an amendment to any appropriation bill, the substance of any bill that has passed the House, and has been before the Senate for six months without result. The obvious purpose of this amendment, is to embarrass the silver men by loading down their original proposition, with an amendment looking to the attachment of the Elections bill to the Appropriation bill as a rider.

The Carnival at New Orleans.

Special to the Journal.

NEW ORLEANS, February 9.—The steamer Oliver Berne went down the river this afternoon to receive his Majesty Rex and return from the royal yacht and then returned to the head of Canal street, passing the white squadron. A royal salute was fired by each man of war. When Rex landed the procession was formed headed by several visiting military companies and proceeded to the City Hall where the Mayor presented Rex with the keys of the city. A levee was afterwards held at the Grand Opera House. The parade was an imposing one.

The Legislature and the Convention.

Special to the Journal.

CARSON, February 9.—The Joint Committee of both Houses of the Nevada Legislature met to-day and decided that the voting population of this State knew nothing of a Constitutional Convention when they voted for it.

Confirmed Postmaster.

Special to the Journal.

WASHINGTON, February 9.—William J. Smith, of Eureka, Nevada, has been confirmed postmaster at that place.

Cupid Busy Again.

The advent of Spring, or mayhap the late Winter snap, has sent Cupid's arrows flying in various directions. The latest to succumb to the bewitching little god was Mr. James Sullivan, Manager of the Grand Central Hotel, who was last Sunday evening united in marriage by Rev. Father Callan, at the residence of the bride's parents, to Miss Lulu, eldest daughter of Mr. and Mrs. D. Lane, old residents of Reno. The wedding was comparatively private, only very intimate friends of the family being present. The bride was the recipient of many elegant and costly wedding presents. The happy couple after a short bridal tour will remain in Reno.

Correction.

Through an error in last Sunday's account of the meeting of the evening before held at the Court house, Hon. Wm. Thompson was reported to be in favor of the Mapes resolution instead of a State Board of Equalization. As the whole of Mr. Thompson's forcible remarks clearly showed his opposition to the resolution the error was hardly misleading. Mr. Thompson is one of the strongest advocates of a State Board.

Jake Becker crossed the mountains early Monday morning to pay a brief visit to Sacramento. He was muffled like an Esquimaux, it being the coldest night of the winter.

The grand march was a spectacle worth the price of admission and was highly appreciated by the spectators. Refreshments were served by the young ladies, after which music arose with its voluptuous swell and all who felt so disposed joined in the dance.

The festival was a success socially and financially.

The Silver State says the school entertainment given by the pupils was a credit to the pupils and Principal Winfrey. The selections were first-class, and the parents and friends of the children were pleasantly surprised.

REPORTS OF STANDING COMMITTEES.

Judiciary—A. B. No. 19, favorable. Ways and Means—S. B. No. 15. Recommended that the Act take effect April 1, 1891.

Select Committee: Mr. Speaker:—Your select Joint Committee of the Senate and Assembly, appointed to consider the advisability of consolidating offices of this State, after due deliberation, have concluded that a general bill covering the consolidation of the offices of the several counties throughout the State is impracticable. The Committee therefore recommends that the representatives of each county prepare and submit a bill during this session providing for the consolidation of the offices, and regulating the salaries of the officers of their respective counties. All of which is respectfully submitted.

Senate Committee { CHAS. LA GRAVE,

The Select Committee was discharged. Message from the Governor received to the effect that he had signed A. B. No. 4 and filed it with the Secretary of State.

Message from the Senate that S. B. No. 20, S. B. No. 22 and S. and A. M. and R. No. 5 had passed by unanimous consent.

The following Joint Committee on reapportionment of Senators and Assemblymen has been appointed by the President of the Senate upon recommendation of the various county delegations: Kaiser, Folsom, Sproule, Stearns, Forbes, Nixon, Williamson, Sawyer, Gallagher, Millett, Rickey, McDonald, Foley and Comins.

MOTIONS AND RESOLUTIONS.

By McFadden—Resolved that the Clerks of Eureka and Lyon counties be and are hereby ordered to appear before this Assembly at 2 o'clock p. m. on Friday, the 20th of February, 1891, with the ballots cast at the general election held on Tuesday, the 4th day of November, 1890, in their respective counties, so that the Assembly can determine how ballots cast in said counties appear on the vote cast for and against a Constitutional Convention; and expenses incurred by said officers in coming from and returning to their respective counties be paid out of the Legislative fund.

Emery moved that the resolution and all the subject matter be indefinitely postponed.

By Groves—Resolution inviting the Secretary of State to appear before the Assembly to-day with the returns on the Constitutional Convention.

After considerable discussion, in which Nixon, Gignoux, McFadden, McClellan, Allen, B. H. Emery, Trembath, Harrington, Leeper and Thompson took part, the Assembly took a recess until 1 o'clock.

AFTERNOON SESSION.

Ainley's A. B. No. 12, which was the special order of business, was taken up and read third time and beaten by a vote of 25 to 14. (The bill refers to oaths and affidavits to be taken by liquor and tobacco deal-

Those who favored the bill were Ainley, Bell, Gignoux, Harrington, Kinney, Leeper, McFadden, McGill, Menary, Sexton, Shirley, Thompson, Trembath and Bicknell. Thompson and McClellan offered amendments, which suffered the fate of the original bill.

McFadden's resolution was indefinitely postponed, and the faes decree that no Constitutional Convention will be held. A motion to lay it on the table was lost by 20 to 19.

The resolution was indefinitely postponed by 23 to 16. Those who stood by their country and her mandates were: Ainley, Bell, Gignoux, Groves, Hansen, Johnson, Kinney, Leeper, McFadden, McClellan, McGill, Murphy, Nixon, Thompson, Wager and Weigelt. Absent, Logan, who would probably have voted in the affirmative. Thirty-one speeches were made. Groves, who recognized the inevitable fate of his resolution, wisely withdrew the same by consent of the House.

Van Emom voted in the negative. Absent, Nixon, Groves and Logan; all by leave. The House adjourned at 3:40.

Many visitors in the Assembly to-day, and among the number nearly the entire Senate, and quite a large number of ladies. COMMITTEES ON REAPPORTIONMENT.

The committee on reapportionment had a meeting (executive) in the Senate chamber this afternoon. The committee will have another meeting Wednesday. The irresistible reporter gleans the following from the meeting to-day: There will be fifteen Senators; two from Storey and one each from the remaining counties. The Assemblymen will number 30. Humboldt, Nye, Eureka, White Pine and Lincoln will lose one each, while Storey will lose four and Lander two. Washoe will gain one. This is not definite, but we venture the assertion that the above figures will do to tie to, as they were the culmination of the meeting to-day.

LIGHT FOR THE LEGISLATURE.

The Duty of Members Under the Constitution and Election Law.

The objection urged in certain quarters as to the validity and formality of the late election on the question of calling a Constitutional Convention do not rise to the dignity of respectable technicalities. The late Legislature did all that is required under the Constitution to submit the question to the people.

Section 1 of Article XVI of the Constitution provides that when an amendment or amendments are to be submitted, the Legislature shall submit the same "to the people in such manner and at such time as the Legislature shall prescribe," but Section 2 of the same article simply provides: "If at any time the Legislature by a vote of two-thirds of the members elected to each House shall determine that it is necessary to cause a revision of this entire Constitution, they shall recommend to the electors at the next election of members of the Legislature to vote for or against a Convention."

In pursuance of said Section 2, the last Legislature recommended to the electors as in said Section provided by Concurrent Resolution as follows:

"Resolved by the Assembly, the Senate concurring, that we recommended to the electors at the next election for members of the Legislature to vote for or against a convention for the purpose of revising the Constitution of the State of Nevada, and it shall be the duty of the Governor by his proclamation and the several Boards of County Commissioners of the several counties of this State to submit the question of calling a Constitutional Convention to a vote of the people at the next general election."

Under this Section 2, the Legislature was not required to prescribe the manner

of submitting the question any further than to recommend the people "to vote for or against a Convention" at the next general election, all of which the Legislature did. The question being submitted at the general election, there was no necessity of passing a special Act, as the general election law is sufficient for the canvass and return of the votes.

Section 25, of the General Election Law provides as follows: "As soon as the polls of the election shall be finally closed the Inspectors shall immediately proceed to canvass the votes given at such election." "What vote? The vote for all State and county officers, and the vote upon any question submitted to the people. In this case 'the vote for and against a Constitutional Convention.'" Section 33, of the Election Law provides that the Board of County Commissioners shall proceed to open the returns and make an abstract of the votes? The votes above named.

Section 31, of the same law provides that "the Board of County Commissioners, after making the abstracts of votes as provided in Section 33, shall cause their clerk, by an order made and entered in the minutes of their proceedings, to make a copy of said abstract and forthwith transmit the same to the Secretary of State at the seat of Government."

The Joint Committee of the present Legislature says in its report as follows: "Upon examination we find the last Legislature made no provision for printing ballots." Section 13 of the General Election Law provides that ballots may be either written or printed.

Now what was the plain intent of the voters of the State last November? The only question before them concerning the Constitution was as to a Constitutional Convention to revise, or amend, or change the Constitution. Can anyone doubt the intent of the voter although the ballot may be informed? The general election law declared that any information in the returns must be disregarded if it can be ascertained with reasonable certainty what office is intended and who is intended to it. The same rule should be applied to the case in hand.
